

THE EVENING NEWS REVIEW.

15TH YEAR. NO. 188.

EAST LIVERPOOL, O., FRIDAY, JAN. 19, 1900.

TWO CENTS

ARE THEY DEMOCRATS?

One of the Unterrified Asserts
That They Are.

CAN YOU PICK THEM OUT?

Are They Built Upon the Same Plan as Certain Individuals Who Attempt the "Dr. Jekyll and Hyde" Role?—Mark Them.

A prominent Democrat of East Liverpool, an absolutely unterrified follower of rock rubbed Democracy, glided into the sanctum of the NEWS REVIEW office yesterday and thus addressed the writer: "Say, Cap., do you know that you have four Democrats in the list of candidates for political preference which you are publishing in your paper?"

We assured the genial gentleman that we were utterly astounded and astonished beyond measure, and begged his pardon when we dared to doubt the truthfulness and reliability of his charge or statement, to which doubt on our part he made answer:

"It's the bed rock truth? No chance for doubt? The whole family of each special one referred to by me are and have been Democrats. Say, Cap., the forefathers of one of your candidates were what were then known as "copperheads," and hated a Republican or a Union soldier as bitterly as the devil hates holy water. Mistaken? Not a bit of it. Their fathers and grandfathers were Democrats before them, and they are fashioned after the same model—chips of the old block. I'm a Democrat, dyed in the wool. But I'm not built after the pattern and fashion of these fellows. They are simply renegades, seeking after the loaves and fishes—the spoils of office. They want the shekels in the political treasury, and they know that they don't have the ghost of a chance of securing them within their party lines, so they're trying to sneak into position with a Republican duster wrapped about them. Say, Cap., I know that I'm a little bit ter and speak harshly; but I despise these renegades. A man has a right to change his vote or his politics, if he believes that his party has gone wrong. But say, old man, if you would do a thing of the kind, wouldn't you sing quiet for a time and act modestly and let some of the old war horses of your new love have a chance at the fat things of office? You wouldn't change your political position of a lifetime on Monday, and then ask for a fat office on Tuesday, would you? Not a bit of it—and you, in your heart, are ashamed of these floppers."

We assured the indignant Democrat that we did not know whom he had reference to, and he straightway gazed searchingly into our lovely orbs and NAMED THEM. Can you do the same? Are there wolves in sheep's clothing aiming to get within the sacred groves where our spotless lambs are housed? Is there a possibility that one or more of the candidates on the Republican ticket are fashioned after the same plan as a certain individual now residing in Canton, where he is said to own and control a rabid SILVER paper, devoted to the interests of Bill Bryan and creatures of like ilk, and said to own the controlling interest of a sheet in East Liverpool devoted to nothing but the advancement of his own selfish interests; a sheet flying no flag and devoted to no fixed principle; a sheet which sobs out—"Good Lord, good devil," and aims to secure plunder and pelf from the treasury of any and every party; a sheet which not long since professed to be Democratic to the core, which a leading Democratic official of East Liverpool scored as follows:

"That fellow and his paper make me tired. He was our treasurer for years. We used to collect money for campaign purposes and for the purpose of doing battle in the municipal conflict; but that fellow almost invariably brought in a bill for advertising which just about cleaned out our treasury, until we became weary and disgusted and refused to subscribe or pay our cash, and then he refused to play on our cellar door, took his things and went home, and is now a gold Democrat for Columbiana county, a silver Democrat for Stark county, and a cunning manipulator of weak kneed Republicans, fellows who are as soft and gullible as we were at one time. They'll get their eyes open after awhile and hate them, selves for their verandcy."

There are DEMOCRATS and Democrats. There are Democrats from a standpoint of principle; men who are good citizens of this municipality and whom we honor and respect. There were Democrats in the sixties who marched side by side with the writer, leveled bayonet and musket in hand, Democrat bayonet and Republican bayonet aimed alike at a common foe of this great and glorious Republic. There were Democrats (?) at home who hated the boys who wore the blue; copperheads, so-called Democrats, hated by the UNION soldier with a hate which baffles description; despised as cowards by the men who wore the gray. We, as Republicans, welcome with open arms to our party the men who come into our ranks from a standpoint of principle and who believe that the party is the party of the masses, the toilers of the nation. We despise the fellows who slip in under false colors—Republicans for revenue only, renegade Democrats who show, by their actions, speaking louder than words, that they are simply after the FAT things which exist alone in the Republican ranks and party in this neck of woods.

SUBURBAN NEWS.

ARE READY TO START

IMPROVEMENTS AT THE SEWERPIPE WORKS.

An Approaching Marriage—Among the Sick—News of the Suburb.

The improvements recently decided to be made at the East End Sewer Pipe plant will be commenced next week. Mr. C. A. Smith, the owner of the works, was seen at the office of the plant yesterday afternoon and said: "We have just about decided upon what character of machinery we will order, and changes to be made about the yards depend entirely on the capacity of the plant. Now that everything is settled we will commence work at the improvements within a very few days."

The yards about the plant are very extensive but they are still to be enlarged. There will be very little work to do in clearing the grounds, as this was done last summer when Mr. Anderson was interested. There were several thousand dollars worth of joints in the yards when the works changed hands. These were made several years ago, but could not be shipped on account of there being no pipe in stock.

STEWART, OF PENRITH, WILL BE TRANSFERRED

To Chester Office—Location of Station Changed—News of the Grant District.

The Chester Rolling Mill company have changed the location of the station to be erected on that side of the river by the railroad company, and instead of being built near the Marshall farm, as was first intended, it will be erected on two lots donated by the mill company, opposite the entrance to Rock Spring. Work on the building will be commenced very soon.

A freight depot is to be opened at once. James Stewart has been appointed to the agency at that place, and O. E. Chapman, of Cumberland, will succeed Mr. Stewart as agent at Penrith.

Stewart was in Chester yesterday looking after the interests of the company in his particular line. It is likely the company will rent a building or side track a coach to be used as a freight office until a freight depot is built.

BATTLE LIKELY TODAY.

Critics In London Expect Big Fighting.

THE BOERS WERE ENTRENCHING.

Buller Reported Them as Getting Ready to Fight—He Was Shelling the Enemy's Position—Estimates on Buller's Force—That on Boers' Guesswork.

LONDON, Jan. 19.—4 a. m.—Military critics in affiliation with the war office consider that the expected battle, along the wide arc south and west of Ladysmith, can hardly be delayed beyond today. From Durban it is reported that fighting has already begun. The war office issued the following:

"From Buller, Spearman's Camp, Jan. 18:

"One field artillery, howitzer battery and Lyttleton's brigade are across the Tugela at Potgieter's Drift. The enemy's position is being bombarded by us.

"Five miles higher up Warren has crossed the river by a pontoon 85 yards long. He hopes his force will by evening have advanced five miles from the river to his right front. The enemy is busily engaged entrenching."

"From Roberts, Cape Town, Jan. 18:

"Gatacre reports that 300 men of all ranks have been moved from Bushman's Hoeck to Hoperberg, and the Seventy-fourth field battery and one company of mounted infantry from Sterkstroom to Bushman's Hoeck. Otherwise there is no change."

General Buller's forces, engaged in the flanking operations across the Tugela, are some 13,000 or 14,000 bayonets, 1,200 horses and 40 guns. The disposition of his other 15,000 or 20,000 men is not known, although the assumption is that the whole army will be in action when the hour for combined movement arrives.

Three weeks ago General Buller had 30,000 men. Considerable reinforcements have since reached him, giving him probably 35,000 men and 80 guns all told.

Estimates of how many men and guns the Boers have to oppose him are mere guess work. In not replying to General Lyttleton's shells, they are using the tactics that proved so successful in the battles of Magerfontein and Colenso—lying low in their trenches and thus hoping to conceal their precise position until the infantry advance.

General Buller's warning about the misuse of the white flag by the Boers in his proclamation to the troops is considered a rather broad hint to give no quarter. His phrase, "there will be no turning back," is played upon editorially by the morning papers as presaging cheerful announcements.

Lord Methuen lies behind his works at Modder river. It is estimated that his forces will have to be nearly or quite doubled before he can relieve Kimberley. British reinforcements are moving toward General French at Kensoung. With these he is expected to advance. General Gatacre's men occupy Lopesburg, a slight advance.

MOUNT ALICE, near Potgieter's Drift, Natal, Monday, Jan. 19.—General Buller has issued a spirited appeal and instruction to the forces, beginning:

"We are going to the relief of our comrades in Ladysmith. There will be no turning back."

The order proceeds to advise the men, when they charge, regarding the conditions under which they should receive the surrender of any of the enemy. It also warns them that the Boers are treacherous in the use of the white flag.

COMING ATTRACTIONS.

"Maloney's Wedding."

Kelly & Mason, two of our most capable and well known exponents of farce comedy, will present their roaring play, Maloney's Wedding, at the Grand, Saturday evening. This will be the comedy event of the season—the very best we will have of the style, and a full house will doubtless greet Kelly & Mason and their all-star company of fourteen artists.

Uncle Tom's Cabin.

Palmer's "Uncle Tom's Cabin" never grows old. There runs through it a vein of pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like a prism the innermost phases of the human emotion. It is more than a play. It is a moral classic. It argues for two of the greatest themes that can engage the mind—human liberty and the immortality of the soul. At the Grand Monday night.

"Hearts of Oak."

At the Grand, Tuesday evening, Jan. 23, James Herne's big success, "Hearts of Oak," is to be presented by a first class company and with a prodigious scenic display. This is one of those plays mixed with sentiment and comedy which have ever been popular with American playgoers.

FOR PRESIDENT—Second Term.

 of Ohio.

The early candidate gets the promise
 but the vote doesn't always go with it.

 Noragon has anything to do with it.

 confine themselves to smokeless ammu-
 nition in this campaign.

GOOD IDEA.

One of the best ideas advanced for
 some time was put into practical effect
 yesterday when the fire department was
 called out and washed the principal up-
 town crossings. If it could be so ar-
 ranged when the new reservoir is built
 and there is water enough to spare, to
 have all the paved streets washed, it
 would result in a distinct gain in the
 cleanliness and health of the city. But
 in the meantime, for the work done on
 the crossings, the thanks of the public
 are due.

TO THE PUBLIC.

Dr. W. T. Norris Makes a Very
 Plain and Pertinent
 Statement.

EDITOR NEWS REVIEW—Referring to
 the claim of malpractice against me on
 the part of J. C. B. Beatty, I would
 merely ask my friends and the public in
 general to await full developments. I
 have had many accident cases to treat
 during my eight years of practice in
 surgery, and this is the very first com-
 plaint against me. Beatty's case was
 treated skillfully and carefully, and he
 has not the shadow of a claim upon me.
 I shall not argue the case in the papers,
 but simply reiterate my statement of
 "kindly await developments and testi-
 mony in the case."

## UNHAPPY, VERY!

### A Local Sheet Makes Another Amusing and Peculiar Blunder.

A local sheet of limited and circumscribed circulation and unsavory record and reputation, finding it periodically necessary to swear at and about its circulation, in order to gull the public in general, and business men in particular, perpetrated one of its numerous stupid and blundering bulls in yesterday's edition, as follows, in recording a part of Wellington's reply to Senator Beveridge:

"Our flag has NEVER (?) been raised as an emblem of freedom. Why change its significance?"

Oh, me; oh, my! This fellow must have had reference to creatures in this community of his own ilk—fellows who would have fought under a flag "NEVER RAISED AS AN EMBLEM OF FREEDOM" had they not been overcareful as to resultant danger to their cowardly and treasonable carcasses.

## CANDIDATE FOR CONGRESS.

### Col. W. H. Morgan, of Alliance, May Be In the Race Two Years Hence.

It is generally conceded, says F. B. Gessner, the Washington correspondent, that R. W. Tayler will be given another term in congress this year. Two years from now he may have a contest. Tayler does not pay much attention to the candidacy of Silas H. Williams, of Alliance. That will soon pass over two years hence that clever young warrior, Col. W. H. Morgan, of Alliance, may be a candidate. Morgan is now on the staff of Governor Nash and every staff officer knows a thing or two about politics. Morgan's father was defeated for congress and the son may take a notion to achieve the honor as a sort of vicarious vindication of the splendid old father. Stark county had a congressman so long in the person of McKinley that it wants a congressman again.

### SIX DEMOCRATS NAMED.

Magisterial Convention Held In Philadelphia—Municipal League Also Nominated a Ticket.

PHILADELPHIA, Jan. 19.—The Democratic convention nominated six candidates for magistrates. Sixteen magistrates are to be voted for. The Republicans nominated ten candidates several days ago and the Democrats nominated six, the party leaders deciding that it would be unwise to place the names of a greater number on the ticket. These nominated are James H. Tonghill, Patrick Donohue, John M. O'Brien, John B. Friel, Richard C. Lloyd and Edward T. Tiernan.

The Municipal league entered the field and placed in nomination a full ticket of ten magisterial candidates.

WASHINGTON, Jan. 19.—Chairman Tayler, of the Roberts committee, and Representative Littlefield, of Maine, are busy preparing the majority and minority reports. They will be filed together tomorrow. It is not expected that the case will be called up in the house until Tuesday or Wednesday. The debate is expected to occupy two or three days. Mr. Roberts will be given an opportunity to be heard upon the floor.

The majority of the committee are confident that Mr. Roberts will be excluded without being sworn in.

### ONE OF THE BEST.

The Meeting at the First M. E. Church Last Night.

One of the best services of the present series was held in the First M. E. church last evening. The pastor gave a delightful exposition of the first Psalm. It abounded in thrilling reminiscences of men who had been walking in the counsel of the ungodly and sitting in the seat of the scornful and the happy sequel when they were brought to see the beauties in the Christian life and who became useful afterwards in bringing others to enjoy its benign influences. Many were deeply impressed with the

spirit of the service. The Lord is graciously blessing the earnest efforts of Dr. Crawford and his co-workers. Service this evening as usual at 7:45, to which a cordial invitation is extended to all. Ten were at the altar last night and eight were converted.

## WIDENS LABOR BREACH

Mitchell Scored K. of L. In Speech to Miners.

ANTHRACITE MEN TO STRIKE.

News Reached Indianapolis That About 40,000 Would Go Out In Eastern Pennsylvania—Scale Committee to Await Election of Officers.

INDIANAPOLIS, Jan. 19.—At the convention of the United Mine Workers of America, the committee on resolutions reported a resolution denouncing federal courts and asking the miners to use their political influence in elections. The committee did not concur in the resolution. Another resolution provided that all contracts made by the miners begin and expire on the same date. The committee recommended this resolution for passage.

In a talk to the convention, President Mitchell recommended the endorsement of the resolution adopted at the Detroit convention, advising all members of all organizations affiliated with the American Federation of Labor to withdraw from the Knights of Labor. He cited the recent conflict between the United Mine Workers and the Knights of Labor in the southwestern strike, and called especial attention to the fact that the Knights of Labor had sent men from Pennsylvania and Ohio to Kansas to take the places of the striking miners of the United Mine Workers.

The convention heartily endorsed the resolution as suggested by President Mitchell.

This action by the convention is a condemnation of the Knights of Labor, and labor leaders here said it would widen the breach between the mine workers and the Knights of Labor.

The scale committee met and organized, with W. D. Ryan, of Illinois, president, and W. H. Haskins, of Ohio, secretary. After the adjournment of the session the committee again met and decided to take no action until after the election of officers.

News has reached here that about 40,000 miners in the anthracite district of Pennsylvania, near Scranton and Shamokin, who have been in a restless state for some time, have decided to strike.

### Talk of a General Strike.

SCRANTON, Pa., Jan. 19.—All the coal operators completely ignored the invitation of the United Mine Workers to meet with them in conference and there was strong talk of a general strike being ordered.

### Five Australians Killed In Battle.

RENSBURG, Cape Colony, Wednesday, Jan. 17.—A patrol, composed of 16 men of the New South Wales Lancers and South Australians, was ambushed yesterday by the Boers and overwhelmed after a severe fight. Two of the detachment escaped and have arrived in camp. This morning a patrol visited the scene of the fight and found five dead Australians and one wounded. A number of dead Boer horses also were found, showing that the Australians made a gallant fight before surrendering. Later, six more of the Australians returned. The rest of them were captured.

### Duke of Marlborough's Place.

LONDON, Jan. 19.—The war office announced the appointment of the Duke of Marlborough as a staff captain, in connection with the Imperial Yeomanry being organized for service in South Africa.

### CONDEMNED MEN MUST HANG.

Pennsylvania Board of Pardons Refused to Commute Sentences.

HARRISBURG, Jan. 19.—The board of pardons refused to commute to life imprisonment the sentences of Frank J. Kruse, of Lehigh county, and Samuel Peter Meyers, of Somerset county. A pardon was granted to Michael F. Maloney, of Pittsburgh, second degree murder, and refused to John Barna, of Pittsburgh, second degree murder. Other cases were also decided.

A rehearing was granted in the case of William H. House, former assistant city attorney of Pittsburgh.

### To Identify Murder Suspects.

SCRANTON, Pa., Jan. 19.—Two detectives from Canada who refused to disclose their identity are at Butler's hotel, Moosic, with photographs of two men arrested in Canada, whom they suspect of being implicated in the murder of Hotelkeeper M. F. Corcoran, at Duryea, one year ago last Christmas.

January dullness—encourages us to continue the price cutting, and to offer always better shopping inducements than are to be found elsewhere. # THE EVENING NEWS REVIEW.

15TH YEAR. NO. 188.

EAST LIVERPOOL, O., FRIDAY, JAN. 19, 1900.

TWO CENTS

## ARE THEY DEMOCRATS?

One of the Unterrified Asserts  
That They Are.

CAN YOU PICK THEM OUT?

Are They Built Upon the Same Plan  
as Certain Individuals Who Attempt  
the "Dr. Jekyll and Hyde" Role?—  
Mark Them.

A prominent Democrat of East Liverpool, an absolutely unterrified follower of rock ribbed Democracy, glided into the sanctum of the NEWS REVIEW office yesterday and thus addressed the writer:

"Say, Cap., do you know that you have four Democrats in the list of candidates for political preference which you are publishing in your paper?"

We assured the genial gentleman that we were utterly astounded and astonished beyond measure, and begged his pardon when we dared to doubt the truthfulness and reliability of his charge or statement, to which doubt on our part he made answer:

"It's the bed rock truth? No chance for doubt? The whole family of each special one referred to by me are and have been Democrats. Say, Cap., the forefathers of one of your candidates were what were then known as 'copperheads,' and hated a Republican or a Union soldier as bitterly as the devil hates holy water. Mistaken? Not a bit of it. Their fathers and grandfathers were Democrats before them, and they are fashioned after the same model—chips of the old block. I'm a Democrat, dyed in the wool. But I'm not built after the pattern and fashion of these fellows. They are simply renegades, seeking after the loaves and fishes—the spoils of office. They want the shekels in the political treasury, and they know that they don't have the ghost of a chance of securing them within their party lines, so they're trying to sneak into position with a Republican duster wrapped about them. Say, Cap., I know that I'm a little bitter and speak harshly; but I despise these renegades. A man has a right to change his vote or his politics, if he believes that his party has gone wrong. But say, old mau, if you would do a thing of the kind, wouldn't you sing quiet for a time and act modestly and let some of the old war horses of your new love have a chance at the fat things of office? You wouldn't change your political position of a lifetime on Monday, and then ask for a fat office on Tuesday, would you? Not a bit of it—and you, in your heart, are ashamed of these floppers."

We assured the indignant Democrat that we did not know whom he had reference to, and he straightway gazed searchingly into our lovely orbs and NAMED THEM. Can you do the same? Are there wolves in sheep's clothing aiming to get within the sacred groves where our spotless lambs are housed? Is there a possibility that one or more of the candidates on the Republican ticket are fashioned after the same plan as a certain individual now residing in Canton, where he is said to own and control a rabid SILVER paper, devoted to the interests of Bill Bryan and creatures of like ilk, and said to own the controlling interest of a sheet in East Liverpool devoted to nothing but the advancement of his own selfish interests; a sheet flying no flag and devoted to no fixed principle; a sheet which sobs out—"Good Lord, good devil," and aims to secure plunder and pelf from the treasury of any and every party; a sheet which not long since professed to be Democratic to the core, which a leading Democratic official of East Liverpool scored as follows:

"That fellow and his paper make me tired. He was our treasurer for years. We used to collect money for campaign purposes and for the purpose of doing battle in the municipal conflict; but that fellow almost invariably brought in a bill for advertising which just about cleaned out our treasury, until we became weary and disgusted and refused to subscribe or pay our cash, and then he refused to play on our cellar door, took his things and went home, and is now a gold Democrat for Columbiana county, a silver Democrat for Stark county, and a cunning manipulator of weak kneed Republicans, fellows who are as soft and gullible as we were at one time. They'll get their eyes open after awhile and hate themselves for their verdancy."

There are DEMOCRATS and Democrats. There are Democrats from a standpoint of principle; men who are good citizens of this municipality and whom we honor and respect. There were Democrats in the sixties who marched side by side with the writer, leveled bayonet and musket in hand, Democrat bayonet and Republican bayonet aimed alike at a common foe of this great and glorious Republic. There were Democrats (?) at home who hated the boys who wore the blue; copperheads, so-called Democrats, hated by the UNION soldier with a hate which baffles description; despised as cowards by the men who wore the gray. We, as Republicans, welcome with open arms to our party the men who come into our ranks from a standpoint of principle and who believe that the party is the party of the masses, the toilers of the nation. We despise the fellows who slip in under false colors—Republicans for revenue only, renegade Democrats who show, by their actions, speaking louder than words, that they are simply after the FAT things which exist alone in the Republican ranks and party in this neck of woods.

# SUBURBAN NEWS.

## ARE READY TO START

### IMPROVEMENTS AT THE SEWERPIPE WORKS.

An Approaching Marriage—Among the Sick—News of the Suburb.

The improvements recently decided to be made at the East End Sewer Pipe plant will be commenced next week. Mr. C. A. Smith, the owner of the works, was seen at the office of the plant yesterday afternoon and said: "We have just about decided upon what character of machinery we will order, and changes to be made about the yards depend entirely on the capacity of the plant. Now that everything is settled we will commence work at the improvements within a very few days."

The yards about the plant are very extensive but they are still to be enlarged. There will be very little work to do in clearing the grounds, as this was done last summer when Mr. Anderson was interested. There were several thousand dollars worth of joints in the yards when the works changed hands. These were made several years ago, but could not be shipped on account of there being no pipe in stock.

### AMONG THE SICK.

The condition of William Lewellen, who has been ill at his home on Elm street with typhoid fever, is somewhat changed for the better. At times he is out of his mind, but the attending physicians are confident of his recovery.

Mrs. Pearl Martin is recovering after a slight illness.

Frank Marshall is quite ill at his home in Helana.

### Candidates Hustling.

The various candidates who are out for nomination for the several offices at the spring primaries are making a hard fight in the East End. Yesterday afternoon three of the boys were working in the suburb for votes.

### A Coming Wedding.

## AGENT HAS BEEN NAMED.

### STEWART, OF PENRITH, WILL BE TRANSFERRED

To Chester Office—Location of Station Changed—News of the Grant District.

The Chester Rolling Mill company have changed the location of the station to be erected on that side of the river by the railroad company, and instead of being built near the Marshall farm, as was first intended, it will be erected on two lots donated by the mill company, opposite the entrance to Rock Spring. Work on the building will be commenced very soon.

A freight depot is to be opened at once. James Stewart has been appointed to the agency at that place, and O. E. Chapman, of Cumberland, will succeed Mr. Stewart as agent at Penrith.

Stewart was in Chester yesterday looking after the interests of the company in his particular line. It is likely the company will rent a building or side track a coach to be used as a freight office until a freight depot is built.

### UP TO THE MILL.

Ready to Commence Work on the Mill Sidings.

The railroad company last night completed the extension as far as the mill and work was started this morning laying the sidings to the works. On Monday the boilers will be brought up from Cumberland and then actual work will be started getting the mill in shape to be operated.

### Has the Third Fishing Job.

The oil well on the Spivey farm at Fairview, being drilled by Postmaster Campbell, of New Cumberland, for Mr. Hunter, of Allegheny, was expected in early in the week, but in letting the tools down, within 200 feet of the bottom the cable broke, dropping tools, cable and all in the hole, and at last accounts they had not fished them out. This is the third fishing job Campbell has had in this well.

### The Revival Services.

The revival services being conducted at the Chester Free Methodist church are being largely attended, and last night there were five conversions. On Sunday morning the regular quarterly love feast will be observed.

### Want a Board Walk.

A paper is being passed among the residents of Chester, soliciting funds for the construction of a boardwalk from the bridge at First street to the post office. So far very little money has been given.

## BATTLE LIKELY TODAY.

Critics In London Expect Big Fighting.

THE BOERS WERE ENTRENCHING.

Buller Reported Them as Getting Ready to Fight—He Was Shelling the Enemy's Position—Estimates on Buller's Force—That on Boers' Guesswork.

LONDON, Jan. 19.—4 a. m.—Military critics in affiliation with the war office consider that the expected battle, along the wide arc south and west of Ladysmith, can hardly be delayed beyond today. From Durban it is reported that fighting has already begun. The war office issued the following:

"From Buller, Spearman's Camp, Jan. 18:

"One field artillery, howitzer battery and Lyttleton's brigade are across the Tugela at Potgieter's Drift. The enemy's position is being bombarded by us.

"Five miles higher up Warren has crossed the river by a pontoon 85 yards long. He hopes his force will by evening have advanced five miles from the river to his right front. The enemy is busily engaged entrenching."

"From Roberts, Cape Town, Jan. 18:

"Gatacre reports that 300 men of all ranks have been moved from Bushman's Hoeck to Hoperberg, and the Seventy-fourth field battery and one company of mounted infantry from Sterkstroom to Bushman's Hoeck. Otherwise there is no change."

General Buller's forces, engaged in the flanking operations across the Tugela, are some 13,000 or 14,000 bayonets, 1,200 horses and 40 guns. The disposition of his other 15,000 or 20,000 men is not known, although the assumption is that the whole army will be in action when the hour for combined movement arrives.

Three weeks ago General Buller had 30,000 men. Considerable reinforcements have since reached him, giving him probably 35,000 men and 80 guns all told.

Estimates of how many men and guns the Boers have to oppose him are mere guess work. In not replying to General Lyttleton's shells, they are using the tactics that proved so successful in the battles of Magersfontein and Colenso—lying low in their trenches and thus hoping to conceal their precise position until the infantry advance.

General Buller's warning about the misuse of the white flag by the Boers in his proclamation to the troops is considered a rather broad hint to give no quarter. His phrase, "there will be no turning back," is played upon editorially by the morning papers as presaging cheerful announcements.

Lord Methuen lies behind his works at Modder river. It is estimated that his forces will have to be nearly or quite doubled before he can relieve Kimberley. British reinforcements are moving toward General French at Kenning. With these he is expected to advance. General Gatacre's men occupy Lopesburg, a slight advance.

MOUNT ALICE, near Potgieter's Drift, Natal, Monday, Jan. 19.—General Buller has issued a spirited appeal and instruction to the forces, beginning:

"We are going to the relief of our comrades in Ladysmith. There will be no turning back."

The order proceeds to advise the men, when they charge, regarding the conditions under which they should receive the surrender of any of the enemy. It also warns them that the Boers are treacherous in the use of the white flag.

### COMING ATTRACTIONS.

#### "Maloney's Wedding."

Kelly & Mason, two of our most capable and well known exponents of farce comedy, will present their roaring play, Maloney's Wedding, at the Grand, Saturday evening. This will be the comedy event of the season—the very best we will have of the style, and a full house will doubtless greet Kelly & Mason and their all-star company of fourteen artists.

#### Uncle Tom's Cabin.

Palmer's "Uncle Tom's Cabin" never grows old. There runs through it a vein of pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like a prism the innermost phases of the human emotion. It is more than a play. It is a moral classic. It argues for two of the greatest themes that can engage the mind—human liberty and the immortality of the soul. At the Grand Monday night.

#### "Hearts of Oak."

At the Grand, Tuesday evening, Jan. 23, James Herne's big success, "Hearts of Oak," is to be presented by a first class company and with a prodigious scenic display. This is one of those plays mixed with sentiment and comedy which have ever been popular with American playgoers.

Estimates of how many men and guns the Boers have to oppose him are mere guess work. In not replying to General Lyttleton's shells, they are using the tactics that proved so successful in the battles of Magerfontein and Colenso—lying low in their trenches and thus hoping to conceal their precise position until the infantry advance.

General Buller's warning about the misuse of the white flag by the Boers in his proclamation to the troops is considered a rather broad hint to give no quarter. His phrase, "there will be no turning back," is played upon editorially by the morning papers as presaging cheerful announcements.

Lord Methuen lies behind his works at Modder river. It is estimated that his forces will have to be nearly or quite doubled before he can relieve Kimberley. British reinforcements are moving toward General Buller at Kensburg. With these he is expected to advance. General Gatacre's men occupy Lopesburg, a slight advance.

MOUNT ALICE, near Potgieter's Drift, Natal, Monday, Jan. 19.—General Buller has issued a spirited appeal and instruction to the forces, beginning:

"We are going to the relief of our comrades in Ladysmith. There will be no turning back."

The order proceeds to advise the men, when they charge, regarding the conditions under which they should receive the surrender of any of the enemy. It also warns them that the Boers are treacherous in the use of the white flag.

### COMING ATTRACTIONS.

#### "Maloney's Wedding."

Kelly & Mason, two of our most capable and well known exponents of farce comedy, will present their roaring play, Maloney's Wedding, at the Grand, Saturday evening. This will be the comedy event of the season—the very best we will have of the style, and a full house will doubtless greet Kelly & Mason and their all-star company of fourteen artists.

#### Uncle Tom's Cabin.

Palmer's "Uncle Tom's Cabin" never grows old. There runs through it a vein of pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like a prism the innermost phases of the human emotion. It is more than a play. It is a moral classic. It argues for two of the greatest themes that can engage the mind—human liberty and the immortality of the soul. At the Grand Monday night.

#### "Hearts of Oak."

At the Grand, Tuesday evening, Jan. 23, James Herne's big success, "Hearts of Oak," is to be presented by a first class company and with a prodigious scenic display. This is one of those plays mixed with sentiment and comedy which have ever been popular with American playgoers.

EAST LIVERPOOL, O. FRIDAY, JAN. 19.

of Ohio.

## GOOD IDEA.

One of the best ideas advanced for  
some time was put into practical effect  
yesterday when the fire department was  
called out and washed the principal up-  
town crossings. If it could be so ar-  
ranged when the new reservoir is built  
and there is water enough to spare, to  
have all the paved streets washed, it  
would result in a distinct gain in the  
cleanliness and health of the city. But  
in the meantime, for the work done on  
the crossings, the thanks of the public  
are due.

## TO THE PUBLIC.

Dr. W. T. Norris Makes a Very  
Plain and Pertinent  
Statement.

EDITOR NEWS REVIEW--Referring to  
the claim of malpractice against me on  
the part of J. C. B. Beatty, I would  
merely ask my friends and the public in  
general to await full developments. I  
have had many accident cases to treat  
during my eight years of practice in  
surgery, and this is the very first com-  
plaint against me. Beatty's case was  
treated skillfully and carefully, and he  
has not the shadow of a claim upon me.  
I shall not argue the case in the papers,  
but simply reiterate my statement of  
"kindly await developments and testi-  
mony in the case."

## TO THE PUBLIC.

Dr. W. T. Norris Makes a Very  
Plain and Pertinent  
Statement.

EDITOR NEWS REVIEW--Referring to  
the claim of malpractice against me on  
the part of J. C. B. Beatty, I would  
merely ask my friends and the public in  
general to await full developments. I  
have had many accident cases to treat  
during my eight years of practice in  
surgery, and this is the very first com-  
plaint against me. Beatty's case was  
treated skillfully and carefully, and he  
has not the shadow of a claim upon me.  
I shall not argue the case in the papers,  
but simply reiterate my statement of  
"kindly await developments and testi-  
mony in the case."

A Local Sheet Makes Another Amusing and Peculiar Blunder.

A local sheet of limited and circumscribed circulation and unsavory record and reputation, finding it periodically necessary to swear at and about its circulation, in order to gull the public in general, and business men in particular, perpetrated one of its numerous stupid and blundering bluffs in yesterday's edition, as follows, in recording a part of Wellington's reply to Senator Beveridge:

"Our flag has NEVER (?) been raised as an emblem of freedom. Why change its significance?"

Oh, me; oh, my! This fellow must have had reference to creatures in this community of his own ilk—fellows who would have fought under a flag "NEVER RAISED AS AN EMBLEM OF FREEDOM" had they not been overcareful as to resultant danger to their cowardly and treasonable carcasses.

## CANDIDATE FOR CONGRESS.

Col. W. H. Morgan, of Alliance, May Be In the Race Two Years Hence.

It is generally conceded, says F. B. Gessner, the Washington correspondent, that R. W. Taylor will be given another term in congress this year. Two years from now he may have a contest. Taylor does not pay much attention to the candidacy of Silas H. Williams, of Alliance. That will soon pass over two years hence that clever young warrior, Col. W. H. Morgan, of Alliance, may be a candidate. Morgan is now on the staff of Governor Nash and every staff officer knows a thing or two about politics. Morgan's father was defeated for congress and the son may take a notion to achieve the honor as a sort of vicarious vindication of the splendid old father. Stark county had a congressman so long in the person of McKinley that it wants a congressman again.

## SIX DEMOCRATS NAMED.

Magisterial Convention Held In Philadelphia—Municipal League Also Nominated a Ticket.

PHILADELPHIA, Jan. 19.—The Democratic convention nominated six candidates for magistrates. Sixteen magistrates are to be voted for. The Republicans nominated ten candidates several days ago and the Democrats nominated six, the party leaders deciding that it would be unwise to place the names of a greater number on the ticket. These nominated are James H. Toughill, Patrick Donohue, John M. O'Brien, John B. Friel, Richard C. Lloyd and Edward T. Tiernan.

The Municipal league entered the field and placed in nomination a full ticket of ten magisterial candidates.

### ONE OF THE BEST.

The Meeting at the First M.  
E. Church Last  
Night.

One of the best services of the present series was held in the First M. E. church last evening. The pastor gave a delightful exposition of the first Psalm. It abounded in thrilling reminiscences of men who had been walking in the counsel of the ungodly and sitting in the seat of the scornful and the happy sequel when they were brought to see the beauties in the Christian life and who became useful afterwards in bringing others to enjoy its benign influences. Many were deeply impressed with the

spirit of the service. The Lord is graciously blessing the earnest efforts of Dr. Crawford and his co-workers. Service this evening as usual at 7:45, to which a cordial invitation is extended to all. Ten were at the altar last night and eight were converted.

## WIDENS LABOR BREACH

Mitchell Scored K. of L. In Speech to Miners.

**ANTHRACITE MEN TO STRIKE.**

News Reached Indianapolis That About 40,000 Would Go Out In Eastern Pennsylvania—Scale Committee to Await Election of Officers.

INDIANAPOLIS, Jan. 19.—At the convention of the United Mine Workers of America, the committee on resolutions reported a resolution denouncing federal courts and asking the miners to use their political influence in elections. The committee did not concur in the resolution. Another resolution provided that all contracts made by the miners begin and expire on the same date. The committee recommended this resolution for passage.

In a talk to the convention, President Mitchell recommended the indorsement of the resolution adopted at the Detroit convention, advising all members of all organizations affiliated with the American Federation of Labor to withdraw from the Knights of Labor. He cited the recent conflict between the United Mine Workers and the Knights of Labor in the southwestern strike, and called especial attention to the fact that the Knights of Labor had sent men from Pennsylvania and Ohio to Kansas to take the places of the striking miners of the United Mine Workers.

The convention heartily endorsed the resolution as suggested by President Mitchell.

This action by the convention is a condemnation of the Knights of Labor, and labor leaders here said it would widen the breach between the mine workers and the Knights of Labor.

The scale committee met and organized, with W. D. Ryan, of Illinois, president, and W. H. Haskins, of Ohio, secretary. After the adjournment of the session the committee again met and decided to take no action until after the election of officers.

News has reached here that about 40,000 miners in the anthracite district of Pennsylvania, near Scranton and Shamokin, who have been in a restless state for some time, have decided to strike.

### Talk of a General Strike.

A number of dead Boer horses also were found, showing that the Australians made a gallant fight before surrendering. Later, six more of the Australians returned. The rest of them were captured.

### CONDEMNED MEN MUST HANG.

Pennsylvania Board of Pardons Refused to Commute Sentences.

HARRISBURG, Jan. 19.—The board of pardons refused to commute to life imprisonment the sentences of Frank J. Kruse, of Lehigh county, and Samuel Peter Meyers, of Somerset county. A pardon was granted to Michael F. Maloney, of Pittsburg, second degree murder, and refused to John Barna, of Pittsburg, second degree murder. Other cases were also decided.

A rehearing was granted in the case of William H. House, former assistant city attorney of Pittsburg.
